The Baptist Church at this place is now being rebuilt by our efficient carpenters, Messrs. Robert and John Nock, and will, when completed, be one of the handsomest church edifices in the upper part of the county.

The improvement of the old and the erection of new dwellings indicate thrift in our community. At this time the dwellings of Mr. B. W. Shield and Capt. Waterfield are being enlarged and otherwise improved, and a new one is soon to be erected by Mr. Sylvester Thornton.

In a match game of base ball here, last Saturday, between the Jenkins' Bridge nine and the Red Stockings of Atlantic, the former had 3 players from Pocomoke river, and the latter 3 from Greenbackville. The score was 15 to 4 in favor of the Red Stockings, and it looked at one time as if the J. B.'s were going to be "skunked," as they failed to make a score until the 8th inning. The game was an interesting one. The J. B.'s played well but the R. S. as will be noted, very much better.

Onancock Academy.

In another column will be found an advertisement of the Onancock Academy, the twelfth session of which will open Tuesday, Sept. 17th. Mr. Frank P. Brent, who has been principal of the school for the past eight years has leased the Academy property and is now engaged in making arrangements for the next session. This is the only complete school of high grade on the Eastern Shore of Virginia, and our people should give it ample support and encouragement to keep it in the front rank of the preparatory schools of the State. Last session there were more representatives from Accomac in the University of Virginia and the leading Colleges of the State than any time since the war; and nearly all these were prepared at the Onancock Academy. The thorough manner in which the Academy prepares students may be inferred from the success of those who attended higher institutions of learning last year.

H. Rhodes Hundley graduated at Richmond College with the degree of Bachelor of Arts; W. Carroll Vaden graduated at Randolph Macon in French and English and received a certificate of proficiency in Intermediate Mathematics; Louis C. H. Finney graduated in Chemistry and Mathematics at the University of Virginia and received distinctions in Junior Natural Philosophy and Civil Engineering; Stewart K. Powell, during his first year at the Johns Hopkins University, the most advanced institution of learning in America, passed with high honor all his examinations in the undergraduate department standing first in Latin, and among the first in French and German; and Miss Lizzie W. Quinby graduated at Hollins Institute with the highest honors, carrying off two of the medals offered in that excellent institution. We question whether any other preparatory school in Virginia can make so fine a showing.

Many of the best teachers in our public schools were educated at the Onancock Academy, and Mr. H. Rhodes Hundley, an old Academy boy, has just been appointed to the position of First Assistant in the Male and Female Academy at Johnston, South Carolina, at a fine salary.

We repeat our admiration to the people of this section to consider the claims and superior advantages of their home school before they think of sending their children away.

Accomac Baptist Association.

EDITOR ENTERPRISE.—Will you please give the following a place in your valuable paper: The Accomac Baptist Association will meet with the Union Baptist church, Chincoteague Island, Va., August 16th at 11 a. m. C. Wood which will bring them over at small cost.

Respectfully,

Eastern Shore Agricultural Fair.

The eleventh annual fair of the Eastern Shore Agricultural Association will open this year on the 21st day of August and continue four days. From present indications it will be the most interesting and successful yet held. The grounds have been very much enlarged, taking in another beautiful, shady grove, which will largely contribute to the beauty and comfort of the surroundings. A full half mile track is also added, and the old stables have been taken down and large new ones built so that horses will be both comfortable and safe in them. Other numerous improvements have also been made, and it now only remains for our good people of the Eastern Shore to come and make the fair of this season one of unprecedented success. The invitation is to all. Come your honest tillers of the soil with your staple products of corn, oats, 'sweats,' &c. Come your mailers with exhibits from your poultry yards, dairies and gardens and vie with each other in the ordinary art. Come your fair maidens with your beautiful bouquets, your works of art and tapestry and let us unite our efforts in this grand E. Shore exhibition of all that tends to enlighten, elevate and advance a progressive people. A brass band of twenty pieces will be present each day to enliven the occasion. Prominent speakers will deliver addresses from day to day during the fair. Ministers of all denominations are cordially invited to attend and free admission tendered them.

For further particulars see notice of premiums and regulations in PENINSULA ENTERPRISE.

A Little Boy's Ancestors.

A small boy was born in Baltimore, on Lombard street, July 20th, who not only rejoices in a grandfather, but has a great-great-grandfather as well. The grandmothers of two generations back is well and strong, and bids fair to live many more years. This fortunate boy, who is as yet nameless, is the son of Mr. Robert and Mrs. Dorothea Bertram. Mrs. Bertram is but eighteen years old, and is the daughter of Capt. James W. Bull, the commander of the tug Chicago, Captain Bull, who was made a happy grandfather, is but forty-four years old, and is probably one of the youngest "grampas" in the city. Captain Bull's mother died when he was a child. His grandmother, Mrs. Nancy Meads, lives in Accomac county, Va. Captain Bull says she was born in 1788. She is able to go about the farmhouse in which she lives and very frequently feeds the chickens about the house. Her sight is good enough for her to sew. This is her second sight, however. During the latter years of her life it has improved greatly. This youngster is not her first great-great-grandchild. She has two other sons down in Accomac. They are the sons of Mr. John Bull, who is the son of Robert Bull, who is Captain Bull's brother. The child will probably be named Ethelbert—Baltimore American.

In Memoriam.

Departed this life, June 23rd, 1888, Carrie Lee Bell, daughter of Mr. and Mrs. Bayley Bell.

No bright example is ever wholly lost. Those who have seen it, learned from it and been blessed by it may die, but some teaching of some one or more of them, the very reflex of that which taught them, finds its way as good seed into hearts from generation to generation. The lesson of the life of Carrie Lee Bell is the living lesson. The fruits of her good deeds are all about us, and will bear yet richer fruit in the years to come. Above the charms with which Nature had endowed her, she had a sweeter charm of a constant, peaceful walk with God. If we did not know it else, we would from her life know that the religion of our Lord is a vital principle, a reality. As she was in life, so was she when she was descending into "The Valley of the Shadow of Death." She said, "she could not see how a christian could fear to die," and spoke of death as though it were a golden gateway to her eternal home. To her grief-stricken parents, who so well trained her and loved her, and to all who loved her, we give our hearts and prayers, and say: "Be comforted, your darling is at rest—soon, in her bright home we shall join her." "What, if we be nearer home, even now, than we think." L. W.

Wilhelmina, son of J. D. and Bettie C. Jacob, died July 29th ult., aged 12 months and 20 days.

Death has claimed our darling Willie. Set a seal upon his story. In the arms of our dear Saviour, He is sleeping sweetly now.

No one named him but who praised him, None knew him but to love; He has gone to join the angels, In the happy home above.

His MAMA.
